By signing below, I acknowledge that all of my questions about CMI have been answered. I request that I obtain my course materials via CMI and that the University has my approval to charge my student account for the CMI extension course listed above. I understand that I have until the posted deadline for submission of CMI forms to revoke this request to the Bookstore (see Opt-Out form) if I have reconsidered and elect to obtain my course materials via a different source. I consent to and understand that the above information will be shared with third-party vendors (such as VitalSource, the common digital platform provider, and the applicable publisher) so that they may provide my access to the CMI course materials.
