By signing below, I acknowledge that all of my questions about CMI have been answered. I understand that I am opting out of a CMI course because I have taken this same course via CMI in a previous semester. I recognize that some course materials offered via CMI may have term limits. If my desired retake does not fall within these term limits, I will not be able to maintain access after submission of this form. I consent to and understand that the above information will be shared with third-party vendors (such as VitalSource, the common digital platform provider, and the applicable publisher) so that they may provide my access to the CMI course materials.
